Academic Reps

Want to use your voice to make changes at NTU?

At NTSU, you can become one of two types of academic reps: Course Reps and School Officers.

They each play a vital role in enabling students to share their feedback on critical decisions made by NTSU and NTU.

This student-led academic representation ensures students have a seat at the table where fundamental decisions are made about your education.

As a student, your feedback can significantly change teaching and learning at NTU—not just in the present but for many years to come.

Plus, the experience is invaluable!
